MHA News and Special Events

Celebrating 100 years of mental health advocacy, **Mental Health America** is the country's leading nonprofit dedicated to helping all people live mentally healthier lives. With more than 300 affiliates nationwide, we represent a growing movement of Americans who promote mental wellness for the health and well-being of the nation – everyday and in times of crisis.

Cast from the shackles that once imprisoned people in asylums, Mental Health America's symbol "**The Bell**" reminds us that the chains of misunderstanding continue to bind people with mental health conditions. The bell rang out with the passage of parity. It will continue to ring out for the future – for continued progress in the fight over mental illnesses and the health and well-being of our nation.

Please join Mental Health America in Montgomery as we continue the fight over mental illnesses and support our upcoming events and activities. You may help us with our **Capital Bell Campaign** (which is ongoing) in order for us to move to a bigger facility. Our goal is to raise **\$250,000**. Or, you may wish to support our events listed below:
